Nogva Gear AGF-1131

Gearbox with built-in servo for CP propeller. Construction in rigid cast iron house, helical gearwheels, spherical roller bearings and disc clutch. All gearbox is individually controlled in test stand. Gearbox delivered with oil pump and oil cooler.

Technical specifications	
Connection flange	SAE3
Coupling	SAE 11,5"
Weight, dry	180 kg
Servo force	17 500 N
Servo stroke	32 mm
Rotation (outgoing shaft)	Clockwise*
Maximum torque	
Reduction	Torque
2.95:1	496 Nm
4.2:1	458 Nm

*Right handed propeller

NOGVA GEAR AGF-1131

Dimensions

Standard equipment

- > Oil pump
- > Oil cooler
- > Valves

Optional equipment

- > Nogva CPP propeller
- > Shaft flange
